Size after packaging	990*710*200mm (39in*28.1in*7.87in)
Weight after packaging	19.7kg (43.34 lb)
Number of lamp beads	120 pieces
Wavelength	630, 660, 810, 830, 850nm
Irradiance	200mW/cm²
Lens angle	30 degrees
Rated power	83W
Voltage and current	100-240V 0.85-0.35A
Warranty	2 Years
Functions	Knob Dimming 0-100% Automatic Timing 30 minutes

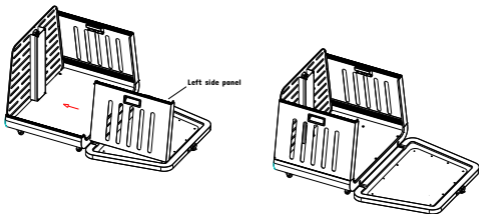

- 1 Assemble the backplate: First, mate the 8-pin connector, then place the backplate into the base, and secure it with screws.**

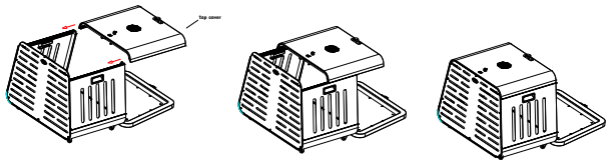

- 2 Assemble the right side panel: As shown in the figure, align the slide rails, push them all the way in, and secure with screws.**

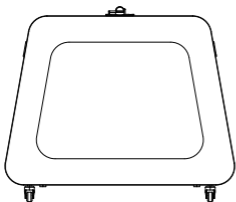

- 3 Assemble the left side panel: Use the same method as the previous step to secure the left side panel.**

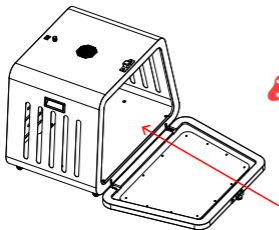

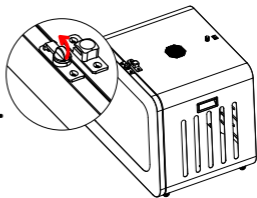

- 4 Assemble the top cover: Align the slide rails on both sides of the top cover and push them in (do not push all the way in). First, connect the two sets of 8-pin connectors, then push the cover all the way in, and finally secure it with screws.**

1 a pet cage.

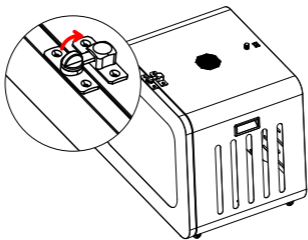

2 Slide the safety latch.
Open the pet door.

3 Place your pet inside.

- 4** Close the pet door and fasten the latch securely.

- 5** Turn on the power switch and rotate the knob to adjust the brightness. Comes with Safety Mode enabled by default, automatically shutting off after 30 minutes.
